

PARENT PAYMENT POLICY AND IMPLEMENTATION

OBERON HIGH SCHOOL

PURPOSE

To ensure that parent payment practices are consistent, transparent and ensure that all children have access to the standard curriculum.

RATIONALE

The Victorian community shares a vision to build an education system that champions excellence and ensures that every child and young person has access to the opportunities to succeed in life, regardless of their background or circumstances.

Schools are best placed to make local decisions which ensure that all students can access a broad range of learning opportunities that support their expectations and promote their aspirations as they move through the education system. Parent contribution, in all forms, assists schools to provide an enriched learning and teaching program for every student and is highly valued by school communities.

Learning and teaching programs vary across schools based on local needs and circumstances and reflect each school's priorities, decisions and resources. This, in turn, informs the parent payment charges approved by school councils that may vary from one school to the next.

WHAT CAN SCHOOLS CHARGE FOR?

The Education and Training Reform Act 2006 provides for instruction in the standard curriculum program to be free to all students in government schools. School councils are responsible for developing and approving school-level parent payment charges and can request payments from parents¹ under three categories only- Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Essential Student Learning Items are those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and which students take possession of. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.

Optional Items are those items, activities or services that are offered in addition to or support instruction in the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them.

Voluntary Financial Contributions: Parents can be invited to make a donation to the school for a general or specific purpose, e.g. school grounds projects, library fund or for new equipment. Only some Voluntary Financial Contributions are tax-deductible.

The attached diagram "**Understanding Parent Payment Categories**" provides examples of items and materials under each category.

¹ Parent' in the policy has the same meaning as in the Education and Training Reform Act 2006, which is: 'parent', in relation to a child, includes a guardian and every person who has parental responsibility for the child including parental responsibility under the Family Law Act 1975 of the Commonwealth and any person with whom a child normally or regularly resides.

IN IMPLEMENTING THIS POLICY, SCHOOLS MUST ADHERE TO THE FOLLOWING PRINCIPLES:

PRINCIPLES

- **Educational value:** Student learning, aspirations and wellbeing are paramount when schools determine their parent payments practices
- **Access, equity and inclusion:** All students have access to the standard curriculum program and participation of all students to the full school program is facilitated
- **Affordability:** Cost to parents is kept to a minimum and is affordable for most families at the school
- **Engagement and Support:** Early identification and engagement strategies by the school ensure parents are well informed of the payment options and supports available for those experiencing hardship
- **Respect and Confidentiality:** Parents and students experiencing hardship are treated with respect, dignity, sensitivity and without judgment and the identity and personal information of all parents and students are kept confidential in respect to parent payments
- **Transparency and Accountability:** School parent payment practices are well communicated, clear and transparent and their impact on student programs and families are reviewed by school councils

COST AND SUPPORT TO PARENTS

When school councils consider the proposed requests for parent payments the cost is kept to a minimum and is affordable to most parents at the school.

School principals must ensure that:

- items students consume or take possession of are accurately costed
- payment requests are broadly itemised within the appropriate category
- parents are advised that they have the option of purchasing equivalent Essential Student Learning Items themselves, in consultation with the school
- information on payment options is available, accessible and easily understood to all parents so that they know what to expect and what supports they can access
- parents are provided with early notice of annual payment requests for school fees (i.e. a minimum of six weeks' notice prior to the end of the previous school year). This enables parents to save and budget accordingly.
- parents are provided with reasonable notice of any other payment requests that arise during the school year - ensuring parents have a clear understanding of the full financial contribution being sought
- the status and details of any financial arrangements are kept confidential and only shared with relevant school personnel
- parents experiencing hardship are not pursued for outstanding school fees from one year to the next
- use of debt collectors to obtain outstanding school funds owed to the school from parents is not permitted
- there will be only one reminder notice to parents for voluntary financial contributions per year
- Invoices/statements for unpaid essential or optional items accepted by parents are not generated more than monthly or according to the parent payment arrangement with the school.

SUPPORT FOR FAMILIES

Families may experience financial difficulties and may be unable to meet the full or part payments requested. Principals and school councils exercise sensitivity to the differing financial circumstances of students and their families when considering parent payment fees. There are a range of support options available to support and assist parents. These can be accessed through "**Cost support for families.**"

Consideration to hardship arrangements in respect to payment requests is provided to families experiencing long term hardship or short term crisis on a confidential, case by case basis. All schools have written hardship arrangements that include a proactive approach to providing support for parents experiencing financial difficulty.

All parents are provided the name and contact details of a nominated parent payment contact person at the school who they can discuss payment arrangements with.

ENGAGING WITH PARENTS

In respect to each school's development of its parent payments, school councils will engage in effective communication with the school community and have strategies in place to ensure they are aware of and understand the needs and views of parents.

REVIEW OF POLICY IMPLEMENTATION

Schools will monitor the effectiveness and impact of the implementation of this policy at least annually as part of its ongoing improvement and report back to the school community.

The full Parent Payment Policy is available from the Department's **School Policy and Advisory Guide.**

Understanding Parent Payment Categories

Schools

What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

What principles govern parent payment practice?

Educational Value | Access, Equity & Inclusion | Affordability

Engagement & Support | Respect & Confidentiality | Transparency & Accountability

Parents

What may parents be asked to pay for?

Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

Items the student takes temporary or permanent possession of

- e.g.
- textbooks, activity books, exercise books
- stationery, book bags
- student ID cards, locks
- cooking ingredients students will consume
- materials for final products that students take home (technology projects, build-your-own kits, dioramas)
- Picture Exchange Communication Systems

Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
- excursions
- incursions
- school sports
- work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

Items the student purchases or hires

- e.g.
- school magazines, class photos
- functions, formals, graduation dinners
- materials for extra curricular programs
- student accident insurance

Activities the student purchases

- e.g.
- fees for extra curricular programs or activities, such as instrumental music tuition
- fees for guest speakers
- camps, excursions, incursions, sports
- entry fees for school run performances

Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
- use of silver in metal work instead of copper
- supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.

Schools can invite **Voluntary Financial Contributions** for

- e.g.
- Building or Library fund (Tax deductible)
- Voluntary contributions for a specific purpose, such as equipment, materials, services.
- General voluntary contributions

PARENT PAYMENT POLICY

PARENT PAYMENT CHARGES

Essential Education Items

These are items which parents/guardians pay the school to provide or may provide themselves, if appropriate.

These items are essential to support instruction in the standard curriculum program and include:

- materials that the individual student takes possession of, such as text books and student stationery
- materials for learning and teaching where the student consumes or takes possession of the finished articles (e.g. home economics, photography, catering)
- school uniform (where applicable)
- activities associated with, but not part of instruction in the standard curriculum program, such as costs associated with camps and excursions which all students are expected to attend (e.g. transport and entrance costs).

Note: If parents/guardians choose to provide equivalent materials themselves, this should be done in consultation with the school, and items should meet the specifications provided by the school. However, there are some items (e.g. food provisions for home economics) which, due to their nature, can only be provided by the school.

Optional Extras

These are items provided in addition to the standard curriculum program, and are offered to all students. They are provided on a user-pays basis and if parents/guardians choose to access them for students, they will be required to pay for them.

These items include:

- instructional support material, resources and administration in addition to the standard curriculum program (e.g. student computer printing for personal use)
- extra-curricular programs or activities offered in addition to the standard curriculum program (e.g. instrumental music)
- school-based performances, productions and events
- materials for subjects where the payment sought is the difference between the basic materials/services required for access to the standard curriculum program and higher cost alternatives which may be more desirable (e.g. the use of more expensive materials)
- materials and services offered in addition to the standard curriculum program (e.g. school magazines)
- school facilities and equipment not associated with providing the standard curriculum program, and not otherwise provided for through the SRP (e.g. student accident insurance, and hire or lease of equipment such as musical instruments).

Voluntary Financial Contributions

Parents/guardians, or anyone else, can be invited to make a donation to the school for the following purposes:

- contributions to a building trust fund or contributions to a library trust fund (these trust funds are approved by the Australian Taxation Office and are tax deductible)
- contributions for a specific purpose identified by the school (e.g. equipment, materials or services) in addition to those funded through the SRP. This may include additional computers or student-related services ie Buildings & Grounds Support, Library Fund
- general voluntary financial contributions or donations to the school.

PAYMENT ARRANGEMENTS AND METHODS

Parents and guardians will be provided with early notice of payment requests for essential education items, optional extras and voluntary financial contributions via the school booklist in the previous year.

To further assist parents with payments, four payment options have been developed:

- Option A *(full amount at the beginning of Term 1)*
- Option B *(payment on the first day of each Term)*
- Option C *(half yearly payment (1st payment due first day of term 1 and 2nd payment due first day of term 3))*
- Option D Other payment arrangements *(If selecting Option D the school encourages families to contact the Business Manager at the school to discuss your circumstances and the available options)*

Receipts will be issued to parents immediately upon making payment. All records of payments or contributions and any outstanding payments by parents and guardians are kept confidential.

FAMILY SUPPORT OPTIONS

The school appreciates that families may sometimes experience financial difficulties in meeting requests for payments and contributions. A range of support options are available to assist parents, and parents can also organise a payment plan with the school Business Manager.

SUPPORT AGENCIES AND FUNDS

Oberon High School has established partnerships with some welfare and support agencies that can provide assistance to students and their families with the costs of text books, uniforms and school shoes. Access to these supports is available through referral from the Student Wellbeing Manager. Families generally require a current relevant Centrelink benefit card to access these supports. Please contact the Student Wellbeing Manager. The school is also registered with Centrelink to receive payments via their Centrepay system which is only available to holders of relevant current Centrelink benefit cards.

SECOND HAND BOOKS AND UNIFORMS

In order to support parents in meeting the costs of their children's education the school operates a second hand book and uniform sale each December and a second hand uniform shop. Please contact the school for further information.

CAMPS, SPORTS & EXCURSIONS FUND (CSEF)

The CSEF will run from 2015 – 2018 and provide payments for eligible students to attend camps, sports and excursions. Families holding a valid means-tested concession card or temporary foster parents are eligible to apply.

CONSIDERATION OF HARDSHIP

The school appreciates that families may sometimes experience financial difficulties due to unforeseen and unavoidable circumstances. Families who find themselves in this category are encouraged to speak to the Business Manager as arrangements can be made to assist the family.

Where possible, the school will offer to reduce the quantum or alter the timelines of requested parent payments. This can include, but is not limited to:

- Waiving fees
- Reduced fees
- Deferred payment or the extension of payment deadlines
- Flexible payment plans - beyond what is available in the school's standard policy
- Loan-to-Own strategies, such as for iPads

The school will also assist parents to obtain assistance through the many support agencies available to assist families with uniforms, school curriculum materials and finances.

COMMUNICATION WITH FAMILIES

Parents/Guardians will receive at the end of the year a list of the required Essential Education Items and Optional Items which are relevant to their child's year level and a list of Voluntary Items which parents/guardians may nominate an amount they choose to donate.

Parents/Guardians will receive a Family Statements twice a term which will show all unpaid Essential Education Items and Optional Items.

MONITORING AND REVIEW OF THE IMPLEMENTATION OF THE POLICY

School Council is responsible for continued monitoring of the principles and processes used by the school to ensure that parent payment practices are adhered to. School Council will review the Parent Payment Policy annually.
